Subject: January 2018
Financial Report

Attached is the Monthly Financial Report for the period ending January 31, 2018.

GENERAL FUND

The Controller's Office is projecting an ending fund balance of \$197.1 million for FY2018. This is \$4.5 million lower than the projection of the Finance Department. The difference is due to a \$4.5 million higher revenue projection from the Finance Department. Based on our current projections, the fund balance will be \$43.6 million above the City's target of holding 7.5% of total expenditures, excluding debt service and Pay As You Go (PAYGO), in reserve.

Our revenue projection remained flat from the December report. We had no material changes in our revenue forecast.

The major differences are in two categories:

- (1) Sales Tax is \$2.0 million lower, as Controller's Office is using 1% growth.
- (2) Telephone Franchise is \$1.5 million lower, as Controller's Office is waiting on further FY18 actual receipts.

Expenditure projections were unchanged from the December report. This is \$41.1 million higher than the Adopted Budget.

ENTERPRISE FUNDS

We are projecting no material changes in the Aviation Operating Fund, Combined Utility System Operating Fund, Convention & Entertainment Operating Fund, Storm Water Fund, and the Dedicated Drainage & Street Renewal Fund this month.

January Monthly Financial Report**

COMMERCIAL PAPER AND BONDS

The City's practice has been to maintain no more than 20% of the total outstanding debt for each type of debt in a variable rate structure. As of January 31, 2018, the ratio of unhedged variable rate debt for each type of outstanding debt was:

General Obligation	0.50%
Combined Utility System	1.49%
Aviation	15.72%
Convention and Entertainment	19.46%

Respectfully submitted,

*The total designation for the Budget Stabilization Fund is currently \$1,233. The \$20 million was transferred to the Disaster Recovery Fund.

**A negative number in the Controller or Finance projections represents a gap between sources and uses of funds that was not included in the adopted budget. If this gap was not addressed by decreasing uses or increasing the sources of funds, it would require a drawdown of fund balance in order to balance the budget. A positive number represents a projected increase in fund balance.

***According to the financial policies, Ordinance 2014-1078, the City is required to maintain an ending fund balance equal to 7.5% of expenditures less Debt Service and Pay-As-You-Go (PAYGO) which is \$153,423 based on current projections. The City will be \$43,636 above 7.5% based on the Controller's Projections for FY2018.

† Indicates projection exceeds 5% or \$5M of budget expenditures or projected revenues are 5% or \$5M less than current budget.
